

# AnneMaxx® BIOMAXX

MA6 LIQUID BIOLOGICAL ENHANCER

## Balanced Nutrition. Stronger Crop Performance.

BioMaxx combines amino acids, humic substances, low-ammonia nitrogen, fortified phosphorus and low-salt potassium acetate to support nutrient uptake, metabolism and stress tolerance across crop types.

### HOW BIOMAXX WORKS

#### ACTIVATE BIOLOGY

1 Advantage introduces diverse beneficial microorganisms to the soil system.

#### DELIVER NUTRITION

2 BioMaxx supplies N-P-K 12-4-3, amino acids and humic substances.

#### IMPROVE UPTAKE

3 The 1:1 blend supports root-soil interaction and foliar nutrient uptake.

#### SUPPORT GROWTH

4 Supports crop metabolism, stress tolerance and reproductive growth.

#### KEY BENEFITS

- ✓ Balanced 12-4-3 nutrition
- ✓ Supports plant metabolism
- ✓ Improves nutrient uptake
- ✓ Promotes vegetative growth
- ✓ Supports stress tolerance

#### BEST FIT & TIMING

- ES** **EARLY SEASON**  
Establish balanced nutrition
- VG** **VEGETATIVE GROWTH**  
Support uptake and metabolism
- RG** **REPRODUCTIVE GROWTH**  
Maintain crop performance
- SR** **STRESS PERIODS**  
Support recovery and resilience

#### HOW TO APPLY

- 1 Mix 1 L/ac BioMaxx with 1 L/ac Advantage.
- 2 Add 10–16 gal/ac water.
- 3 Apply in soil or as a foliar spray.

Compatibility test before tank mixing. Do not freeze.

#### BIOMAXX COMBINES

- AA** **AMINO ACIDS**  
Support metabolism and crop growth.
- HS** **HUMIC SUBSTANCES**  
Support soil-plant interactions.
- 12-4-3** **N-P-K ANALYSIS**  
Nitrogen, phosphate and potassium.
- 1,000** **L TOTES**  
Available in 1,000 L totes.

Balanced nutrition. Stronger crop performance.
